

## MONOETHANOLAMINE (MEA)

| SN | CHARACTERISTICS        |                       | UNIT | TEST METHOD   | VALUE         |
|----|------------------------|-----------------------|------|---------------|---------------|
| 1  | Purity                 |                       | wt%  | MA - 503 (GC) | 99 min        |
| 2  | Water                  |                       | wt%  | ASTM D- 1364  | 0.2 max       |
| 3  | Color Pt-Co            | Steel Drum            | -    | ASTM D- 1209  | 30 max        |
|    |                        | HDPE Drum/<br>Iso Tan |      |               | 10 max        |
| 4  | SP. GR (20/ 20°C)      |                       | -    | ASTM D- 891   | 1.017 - 1.019 |
| 5  | Equivalent mol. weight |                       | -    | MA-503        | 61 - 62.5     |
